

PEP LEGAL ACCESS HOTLINE

FREE CONSULTATIONS

Every PEP Member is eligible to receive up to 90 minutes of free legal consultation per year!

WHAT IS IT?

Authorized PEP Member representatives seeking legal consultation services may call the **PEP Legal Access Hotline** to request up to 90 minutes of free advice, guidance, or information on various legal subject matters. An independent team of legal professionals is ready and available to professionally and promptly support and service the legal inquiries of our members.

HOW DOES IT WORK?

Members are invited to call the hotline and provide a brief description of the nature and extent of the service requested. Upon authorization, the caller's information will be routed to a full-service law firm and an attorney will contact the member directly. Handling attorneys will track the time utilized by each PEP Member and deliver notice when the 90 minute time limit has been reached. At that time, an alternative course of action and/or a range of possible options will be discussed. If a member desires to extend service beyond the allocated time, continual service may be provided at the Member's expense.

HOW DO I ACCESS?

Call the hotline anytime at **(877) 250-5545** to take advantage of this resourceful and complimentary legal service!
