ANNUAL REPORT

PUBLIC ENTITIES POOL OF OHIO

PEP

COMMITMENT

The Public Entities Pool of Ohio (PEP) was designed to offer Ohio public entities liability and property coverage at a fair and stable price. PEP has met this goal. The PEP program is endorsed by the Ohio Municipal League, the Association of Ohio Health Commissioners, the Ohio Parks & Recreation Association and the Coalition of Ohio Regional Districts. PEP is the oldest public entity pool in Ohio with more than 600 members.

PURPOSE

To form a local government risk pool, to provide for a joint or cooperative action by members relative to their financial and administrative resources for the purpose of providing risk management services and risk-sharing facilities to the members and to the members' employees and to defend and protect any member of the pool against liability.

MESSAGE FROM THE CHAIR

Dear PEP members,

On behalf of the Public Entities Pool of Ohio (PEP) Board of Directors, I am pleased to provide you with a copy of the **2023 PEP Annual Report**.

35 years ago, PEP was one of the first intergovernmental pools to be formed in the State of Ohio. PEP began as an innovative solution for many Ohio public entities that found it difficult to secure property and liability coverage.

If a public entity was fortunate enough to arrange coverage at that time, it was not always affordable. What started then continues today, as PEP continues to provide exceptional coverage and risk management solutions for our members.

Your PEP Board of Directors are committed to the long-term success of our members. Year after year, we continue to build on these successes.

The enclosed report includes a robust summary of what we have achieved together in 2023. The following pages provide information detailing PEP's continued financial strength, our member services and resources, and our industry-leading claims and risk management service providers.

PEP remains committed to protecting our members against liability with our comprehensive risk management programs, services, and risk sharing programs. You are what makes PEP truly great. So, I thank you for the past 35 years and look forward to continuing our collaboration well into the future.

Sincerely,

HOWARD POSTON
Chair, Public Entities Pool of Ohio

FOCUSING ON MEMBERS

The Ohio Municipal League (OML) and **the Public Entities Pool of Ohio** (PEP) have a very strong working relationship. Since 1952, the Ohio Municipal League has been representing the collective interests of Ohio cities and villages before the Ohio General Assembly and state government offices. PEP is a public entity group self-insurance program that prides itself on providing broad coverage, innovative risk solutions, and skilled claims handling and litigation management, while continually offering stable rates.

The OML and PEP are continuously increasing programs and services to its vast Ohio membership, and share a common focus on serving its members.

WHAT IF IT HAPPENED HERE? EMERGENCY RESPONSE TRAINING

The PEP Regional Training Best Practices Before the Emergency, hosted in September of 2023, provided an understanding of critical incident management roles and best practices for public administration officials. The training involved an introduction of the Incident Response System, associated problems, and a detailed presentation of the resources available to public entities beyond the immediate response phase. The training included information and resources to help prepare public entity administrations before, during, and after an incident occurs. Public entities were provided the tools to self-evaluate their ability to respond and recover from unexpected incidents in order to better serve their communities. The presentation was based on an actual case study: PEP Risk Services assistance provided to the Village of East Palestine following the train derailment in 2023.

Topics Included:
- Overview of the National Incident Management System
- Escalation of a large-scale incident and available resources
- Public Information Best Practices
- Role expectations for the Mayor, Administrator, Fiscal Personnel, Public Services and other public entity positions
- Fiscal administration and recouping costs for large-scale incidents
- Preparedness: Best practices and training resources

UNDERSTANDING EVERY PIECE. AUTISM RESPONSE FOR FIRST RESPONDERS

The PEP Regional Training Autism Response for First Responders, hosted in May of 2023, featured guest speaker Bart Barta of Autism Safety 101. This Regional Training focused on helping first responders learn best practices, communication tactics, and other strategies for interacting inclusively and empathetically with members of the community. This regional training provided an understanding of autism and how individuals with autism behave, communicate, and react in various situations. Attendees of this training received useful skills in handling high risk, crisis incidents involving individuals with autism.
